

Stop Being A Firefighter & Start Preventing The Spark:

A Trauma Systems Therapy Approach
to Treating Youth & Families

April 13, 2022
11am - 1pm MST
 **Zoom Webinar**

Presented by Lisa Trickett, MA, LPC, NCC

SUMMARY:

This training is intended for mental health providers working with children, youth and families with suspected or known traumatic histories who display limited treatment progress in traditional service delivery models. Participants will be taught a basic understanding of traumatic stress, Trauma Systems Therapy (TST) principles and how to think like a TST Practitioner.

CLINICAL LEARNING OBJECTIVES:

After this training, participants will be able to:

- Provide the definition of traumatic stress.
- Identify examples of how traumatic stress presents in the function of an individual and/or family system
- Identify the five principles of Trauma Systems Therapy
